Price Proposal

Respondent: __Presidio_____

Solution Proposed: Armis Centrix Asset Management*

*Armis for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armis Asset Intelligence Engine. Asset minimum 2000 per tenant. Network ports also known as collectors.

Tier 1 - includes up to 2 network ports
Tier 2 - includes up to 4 network ports
Tier 3 - includes up to 8 network ports
Tier 4 - includes up to 16 network ports
Tier 5 - includes up to 32 network ports
Tier 6 - includes up to 64 network ports
Tier 7 - includes up to 64 network ports

Price Proposal

Respondent: _Armis, Inc._

Solution Proposed: _Armis VIPR Pro*_

*VIPR Pro empowers enterprises with a unified platform for technology risk prioritization and resolution lifecycle management. VIPR Professional automates risk prioritization and orientation through consolidation and contextualization of detection tool findings, through asset intelligence and configurable risk assessment. It then automates ticketing and task routing across multiple instances of the same workflow tools. Asset minimum 2000 per tenant.

Quote valid for 30 days. Payment of invoices are due within 30 days from date of invoice unless other terms are issued. Late payments are subject to interest charges of the lesser of 1½% per month or the maximum amount allowed by law. All prices subject to change without notice. Supply subject to availability. This Quote is subject to Presidio's Standard Terms and Conditions below. Any changes to the following Terms and Conditions must be accepted in writing by Presidio, otherwise, CLIENT agrees to be bound by the following Terms and Conditions and pricing contained herein:

Pricing

• Quoted prices exclude applicable taxes. Invoicing will include applicable taxes unless a valid tax exempt certificate is provided. If you are entitled to a tax exemption please upload your tax exemption certificate(s) to https://app.certexpress.com/?c=32682b7046535333686f332f4362453d

• The price included herein reflects a 3% discount for payment by cash, check or wire transfer. This discount will not apply in the event that CLIENT pays using a credit card or debit card.

• Prices exclude freight, handling or insurance (unless itemized in the quote).

Invoicing
• CLIENT is invoiced for hardware (“goods”) upon shipment from the manufacturer and shall accept and pay for partial shipments. Software is invoiced upon shipment of media or when download capability is provided. OEM services are billed per the OEM SOW. Presidio services are billed per the Presidio SOW.
• Usage-Based Services Terms and Conditions. For Usage-Based Services purchased by CLIENT, Presidio shall invoice CLIENT once a month. Notwithstanding the amounts included on the applicable purchase order, the invoice for Usage-Based Services will vary from month to month based upon CLIENT’s usage and CLIENT shall be obligated to pay all charges for the Usage-Based Services used by CLIENT in the previous month. If CLIENT is delinquent in its payment obligations for the Usage-Based Services, then, upon reasonable, prior notice, Presidio reserves the right to suspend or discontinue such services at its sole discretion. CLIENT acknowledges and agrees that such discontinuation or suspension by PRESIDIO will not constitute a breach of PRESIDIO’S obligations to CLIENT. CLIENT agrees to indemnify and hold harmless PRESIDIO for any resulting damages due to the suspension or discontinuation of the Usage-Based Services due to CLIENT’s delinquent or non-payment.
• Enterprise Software, Licensing and Subscription Services (“Enterprise Agreement”). For Third-Party-provided, enterprise-based software licensing and services, Presidio shall invoice CLIENT according to the terms of the Enterprise Agreement between CLIENT and the Third Party. If CLIENT is delinquent in its payment obligations hereunder, then, upon reasonable, prior notice, Presidio reserves the right to suspend or discontinue such services at its sole discretion. CLIENT acknowledges and agrees that such discontinuation or suspension by PRESIDIO will not constitute a breach of PRESIDIO’S obligations to CLIENT. CLIENT agrees to indemnify and hold harmless PRESIDIO for any resulting damages due to the suspension or discontinuation of the services due to CLIENT’s delinquent or non-payment.

Freight, Handling, Shipping
• CLIENT will be billed for Presidio’s and/or the manufacturer’s freight charges for shipment of goods.
• Title/Risk of loss passes to CLIENT Freight on Board (FOB) origin unless otherwise agreed to in writing by Presidio. Orders shipped from a manufacturer to Presidio at CLIENT request for warehousing, configuration, storage or otherwise, shall be deemed to have been shipped to CLIENT.
• Presidio accepts no responsibility / liability in connection with the shipment.
• Goods held in a Presidio warehouse either a) at the CLIENT’s request or b) in the event CLIENT refuses to accept delivery, may be subject to warehousing fees. Client may be asked to execute a Presidio “Warehousing Agreement”. CLIENT must provide primary insurance coverage for CLIENT equipment held in a Presidio warehouse.
• International delivery services include (i) Consolidated billing in USD for all international deliveries (ii) Consolidated contracting with one entity, namely Presidio (iii) Single point of contact (iv) Freight forwarding including exportation permits, application of tariff headings, customs clearance (including import permits, licenses, certificates) (v) Asset Management, Tracking & Reporting.

Warranty and Limitation of Liability
• Product is warranted by the Manufacturer, not by Presidio. Please consult Manufacturer for warranty terms. IN NO EVENT SHALL PRESIDIO BE LIABLE TO CLIENT FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND WHATSOEVER, ARISING IN CONTRACT, TORT OR OTHERWISE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. PRESIDIO’S ENTIRE LIABILITY AND CLIENT’S EXCLUSIVE REMEDY FOR DAMAGES FROM ANY CAUSE WHATSOEVER, INCLUDING, BUT NOT LIMITED TO, NONPERFORMANCE OR MISREPRESENTATION, AND REGARDLESS OF THE FORM OF ACTIONS, SHALL BE LIMITED TO THE AMOUNT WHICH HAS BEEN ACTUALLY PAID TO PRESIDIO BY CLIENT FOR PRODUCTS HEREUNDER.

Return Policy
• CLIENTS return rights are subject to the return policies (& fees including restocking) of the applicable manufacturer
• A Presidio-issued Return Material Authorization (RMA) is required & needs to accompany returned items before any credit is issued to a CLIENT. Presidio reserves the right to deny RMA requests in the event the Manufacturer will not provide for an authorized return. If integration of product is performed at a Presidio facility, transfer of ownership occurs as of inception of integration regardless of shipment terms as manufacturers will not accept return of open product.
• CLIENTS have 15 calendar days from original ship date to request a RMA (unless shorter period is required by manufacturer)
• Items returned must be in original shipping cartons, unopened, unused, undamaged and unaltered failing which Presidio is entitled to reject acceptance of items or charge further fees
• The CLIENT is responsible for shipping fees to the destination highlighted in the RMA
• Opened software cannot be returned

Cancellation Policy
• CLIENT’s cancellation of purchase order rights are subject to the cancellation policies (& fees) of the applicable manufacturer

Leases
• In the event Presidio does not receive payment for leased goods purchased on the CLIENT’s behalf from the applicable third-party financing entity, CLIENT is obligated to pay Presidio for all such goods as indicated in the applicable Presidio invoice.

Software terms
• Software is subject to the license terms that accompany it.
• License terms are established between the CLIENT & owner of the software
• Unless Presidio is the owner or licensor, Presidio makes no representations and/or warranties relating to its operation, ownership or use.
• Delivery of software licenses are agreed to be accepted in electronic form from the third party software company. Otherwise, you agree to self-accrue any applicable sales tax at the rate in effect for the jurisdiction.

Term and Termination of Orders: Usage-Based Services, Enterprise Agreements and Multi-Year Orders
• The terms of use for Usage-Based Services (i.e. Cisco-provided WebEx or Software as a Service (Saas)) are established by the applicable third-party provider of such services either at the applicable third-party provider website or via the separate agreement between CLIENT and third-party provider.
• The “Initial Term” of an order for Usage-Based Services and/or and Enterprise Agreement (“Order”) starts on the date the Usage-Based Services and/or Enterprise Agreement are available for use by CLIENT and lasts for the time period stated in the Order. After the Initial Term, unless prohibited by applicable law, there will be an automatic “Renewal Term” of the same length of time unless CLIENT notifies Presidio in writing that CLIENT does not want to renew at least sixty (60) days before the end of the then current Initial Term or Renewal Term. If the fees will change for the Renewal Term, Presidio will notify CLIENT reasonably in advance of the Renewal and in time for CLIENT to accept or reject renewing the Usage-Based Services and/or Enterprise Agreement. If CLIENT agrees with the fee changes, CLIENT may do nothing and the new fees will apply for the upcoming Renewal Term.
• Either party may terminate an Order by providing the other party written notice of termination at least sixty (60) days before the end of such Initial or Renewal Term. The termination will be effective on the last day of the Initial or Renewal Term and CLIENT will pay for the Usage-Based Services and/or Enterprise Agreement until the end of the current Initial or Renewal Term regardless of when CLIENT provided notice. Notwithstanding the foregoing, Usage-Based Services and Enterprise Agreements ordered are strictly non-cancelable during the Initial Term or Renewal Term except as otherwise provided in the applicable Service Terms and/or otherwise agreed upon in writing by Presidio. CLIENT will not be entitled to any refund for terminated Usage-Based Services or Enterprise Agreements during the Initial Term or Renewal Term except as agreed upon in writing by Provider and/or Presidio

Multi-Year Agreements
• For multi-year agreements, CLIENT expressly agrees to enter into a binding, non-cancelable agreement per the billing schedule set forth in the quote. THE CLIENT ACKNOWLEDGES AND AGREES THAT THE CLIENT’S AGREEMENT AND PAYMENTS FOR A MULTI-YEAR TRANSACTION ARE ESSENTIAL ELEMENTS OF THE BASIS OF THE BARGAIN BETWEEN THE PARTIES FOR MULTI-YEAR AGREEMENTS, SUCH THAT PRESIDIO WOULD NOT HAVE ENTERED INTO A MULTI-YEAR TRANSACTION WITHOUT SUCH AGREEMENT.

Attachment B
Price Proposal

Respondent shall provide a Price Proposal for each Solution proposed for a given Service Category. Pricing proposed shall be used by the Department to evaluate the Respondent's Solution. Provide Price Proposals in a PDF file. **Provision of a Price Proposal is a mandatory responsiveness requirement**.

Mandatory Requirements. On each Price Proposal submitted, Respondent shall, at a minimum: (1) state the applicable Service Category, (2) provide the name of the Solution proposed, and (3) provide pricing information for the proposed Solution for both the initial and renewal term. If no renewal pricing is proposed, Respondent affirms its submitted pricing for the initial term shall be applicable to any renewal terms.

The Department prefers that Respondent's pricing:

1) Provides not-to-exceed pricing for initial term and renewal term of the Solution; and

2) Provides Tiered Pricing, where greater numbers of units purchased provide discounted pricing.

Provision of not-to-exceed pricing and tiered pricing is not a mandatory requirement, but will result in the Respondent receiving a higher Price Proposal score, as further explained in Attachment C, Evaluation Criteria.

Add-On Services (**OPTIONAL**): Respondent may include the names, descriptions, and prices for Add-On services for the proposed Solution in its Price Proposal. If the Solution has separate charges for implementation, integration, or other start-up costs, these must be included in the Add-On Services portion of the Respondent's Price Proposal. For each Add-On Service proposed, Respondent shall describe the Add-On Service. Descriptions for each Add-On Service should be a maximum of 250 words. Failure to enter a name, description, and price for each proposed Add-On Service may result in that Add-On Service not being made available on the Term Contract, if awarded. If the Renewal Term Add-On Services is not provided, Respondent affirms pricing for the Initial Term shall be applicable to any renewal terms.

The Department reserves the right to seek clarification where necessary regarding all submitted Price Proposals.

A sample Price Proposal is provided on the following page. Respondents are encouraged to utilize the sample to ensure that the requirements specified above are provided, but may utilize an alternative format that contains the required information.

Additional Okta Solutions

Identity Governance
Okta Identity Governance streamlines user access oversight by automating reviews, certifications, and approval processes. It ensures compliance with regulations and reduces risks by giving organizations full visibility and control over access policies.

Workflow
Okta Workflow is a no-code automation platform that connects identity events to IT and business processes. It enables organizations to create custom workflows for user provisioning, deprovisioning, and notifications without writing code, enhancing efficiency and reducing errors.

Lifecycle Management (LCM)
Okta LCM automates the onboarding and offboarding of users across all systems, ensuring the right access is provisioned or revoked. It integrates seamlessly with HR systems, reducing manual efforts and improving security.

Device Access
Okta Device Access secures access to enterprise resources by enforcing policies on enrolled devices. It ensures only trusted devices can access sensitive data, bolstering endpoint security in zero-trust environments.

Access Gateway
Okta Access Gateway extends modern identity capabilities to on-premise applications. It integrates legacy systems with Okta's cloud-based authentication, enabling a hybrid approach to identity management.

Identity Threat Protection (ITP)
Okta ITP safeguards against identity-based attacks by detecting and mitigating threats like phishing and credential stuffing. It leverages contextual signals, adaptive policies, and advanced threat intelligence.

Identity Security Posture Management (ISPM)
Okta ISPM provides continuous monitoring and assessment of identity configurations. It identifies and addresses vulnerabilities to maintain a secure identity environment and align with zero-trust principles.
